To Whom It May Concern:

Having worked at large hospital systems in metropolitan areas and small hospitals in rural settings, I have had the opportunity to work with a wide variety of physician recruiting firms. Infinity Physician Resources stands out as the best.

Infinity Physician Resources takes time to get to know each individual opportunity to help hospitals find physicians who are the best fit. It gets to know our culture, leadership, and exactly the type of physician I am looking for. The amount of research and time Infinity puts into candidates before they are presented greatly reduces the workload for me and my team, which is why it is our primary outside recruiting firm.

More importantly, Infinity communicates with me on my own terms. As a hospital CEO in a complex market, my time is valuable. Infinity makes time for me. This includes very early mornings, weekend evenings, whatever it takes to get the job done. I don't work 9-5 and neither does Infinity.

Candidates are more than a resume. Hospitals are more than a job posting. Infinity Physician Resources helps us fill the gap.

Sincerely,

Finny Mathew, CEO
